

***THERE'S NO LOVE STRONGER,
There's no love higher,
There's no love greater
Than the love of our God.
There's no love deeper,
There's no love wider,
There's no love brighter
Than the love of our God.***

**The heart of God so loved His fallen world,
He gave His son to die in place of us,
He rose and changed the history of man,
His story shines His love.**

There's no love stronger...

**What love has beamed through many centuries,
Shining on countless lives, setting us free.
Though kingdoms rise and tumble to the ground,
His love goes on and on.**

There's no love stronger...

**No power, not death nor anything to come,
Shall separate us from the love of God.
He calls us now to go in all the world
And shine His light of love.**

There's no love stronger...
